Raymond Wins Cup From Cardston 4 to 2

Yes, it was some game. Inning after inning they went out one, two three, and the yelling and howling of horns alternated between the fans of the contenders. Cardston worked hard pitched and tried every ruse known to the game to hold the coveted Insurance Agencies Cup in Cardston, but to no avail. Raymond had the breaks of the day and made them all count.

Cahoon and Allred were the opposing moundsmen and both worked good but for some reason Cahoon was hit for a number of safeties which totalled 4 runs, while Allred, who had speed to waste was only nicked for one hit, and that didn't count as Cahoon was out trying to make a home run out of a three bagger.

To say that the fans were on their toes all through is putting it mildly because the game was not won until the third man was out in the last half of the ninth inning.

Raymond batted first and out they went one, two, three. Then Cardston threatened, Cahoon got on and Mc Kenzie also got on first while Cahoon went to 2nd. Olsen had already ground out and Richardson and Jensen fanned.

Raymond scored a run in the first of the second, and the score stood 1-1 in Raymond's favor until the sixth when Allred scored on a long hit by Fairbanks, Brewerton and Tollestrup, completed the circuit in the seventh, making 4 runs for Raymond, and there Raymond's scoring stopped.

Cardston was unable to score until the last half of the ninth, and boy, o boy for the excitement. But they threatened several times in the earlier innings and Allred got out of some bad holes by fanning the opposing batters. In the fifth inning G. Hansen fanned, Olsen grounded out, and again Cahoon got to third and Mc Kenzie to 2nd, when Richardson fanned out, and the fond hopes of Cardston took a nose dive.

Then came Cardston's half of the ninth. Jensen hit and got on first, I. Hansen hit safely and Jensen went to second. Bugbee scored Jensen and Hansen and was himself out at third. G. Hansen hit safely, Olsen hit and went to second and Hansen went to third and then pandemonium broke loose when Cahoon came up, which looked like some more runs, but Ab hit out to Allred and the curtain went down with a score of 4-2 in favor of Raymond, and the Challenge Cup has been in the window of the Broadway Store since then.

E. R. Robinson and Geo. Woolf, both of Cardston umpired the game.

Cahoon got nine strikeouts, Allred getting 18, which is some record for a game.

SUMMARY

123 456 789 R. H. E.
Cardston 000 000 002 2 1 4
Raymond 010 001 200 4 10 8

Allred, Fairbanks and Brewerton made two base hits; Cahoon hit a long one for 3 but was out trying to stretch it.

Spectacular running catches were made by Bugbee, Fanning, and Reid Kirkham, all robbing the batters of hits.

Here and There

J. A. Johansen, District member of the Provincial U.F.A. Board and wife W. W. Roberts, all of Woolford, and Mrs. J. V. Johansen were in Raymond on Tuesday.

Clareholm has decided to remove all road signs carrying advertising which tends to detract the attention of the motorist from his driving. The decision is a good one and should be followed by other towns where signs increase continually as the traffic increases.

Advice to a young man:—Make money first, then make it last.

Every town has at least one prominent citizen who learned to clean his fingernails after the town grew up around him and made him rich.

Local Happenings

Sunday evening was perfect, clear, quiet and cool. Perfectly delightful.

The Magrath Fair is no today and to-morrow.

S. S. Newton and crew spent Sunday in Cardston.

Magistrate J. W. Low was in town on Tuesday.

W. D. Mendenhall and family are away on a motor trip to Springfield, Utah, and other points.

The cars of coal at the Factory are being unloaded rapidly by the big crane and shovel.

Pres. H. S. Allen and his son Melvin Douglas arrived by car from Odgen, Utah, on Sunday evening.

Principal O. S. Longman of the Raymond A. C. is away for a few days on a well earned holiday.

The Tennis and Volley ball Finals of the Taylor Stake will be held here on Wed. Aug. 14th. Watch for further announcements and full particulars.

J. H. Blackmore arrived home on Monday morning after spending three weeks in Edmonton marking papers and a ten days visit with relatives in Cardston.

The Board of Trade Meeting on Wednesday was postponed until further notice due to lack of attendance. Quite a number were away on business and it was decided not to proceed until more were in attendance.

E. J. Anderson B.Sc. Eye Specialist will be in Raymond on Friday August 16th.

Specialist in straightening of cross eyes.

Enquire at Drug Store.

The Dance at the Opera House on Saturday night given by the Stake M. I. A. with King's Canadians furnishing the music was well attended and everyone had a good time. The Stake M. I. A. are holding another dance on Wednesday night Aug. 14th.

You should see the new Sterilizing machine L. D. King has just added to his shop of King Motors. It does a perfect job of cylinder re-boring without removing the block of the engine and of course cuts the cost of this work besides being quicker service.

Andy Sorenson has the contract for hauling all the grain on the Noble Foundation Farms, the crop being estimated at 76,000 bushels. Andy is sub. contracting the job and quite a few local trucks, we understand, will find work there this fall.

A party was held at the home of Mrs. Ira McBride on Friday afternoon by the Officers and Teachers of the Raymond 1st Ward Primary, in honor of Miss Martha Mitchell who has been a Primary officer for some time. An enjoyable time was had and Miss Mitchell was presented with a beautiful piece of table linen.

Mrs. M. Hutchison left on Monday night to catch the train at Great Falls and go on to the funeral of her son George, who was drowned at Iona on Sunday last. I. R. McBride drove the car and was accompanied by Mesdames A. Wooley and W. Mel-drum. They left here at 8 p.m. and were back at 3 in the morning. George left here only 2 or 3 months ago to work in the Idaho Falls district.

It won't be long now before school starts again. Examination reports have been received, and generally speaking show conscientious and effective work amongst the teachers.

Raymond 1st "M" Men Lose to Hill Spring

W. C. Stone Will Open Store

After the smoke of battle cleared away just as darkness commenced to cover the earth, the score book showed that the Hill Spring "M" Men had drubbed the Raymond 1st Ward "M" Men to the tune of 16-4. That's about all there is to say regarding the game.

Raymond must have had more than a day off, if one may judge by the brand of ball they didn't play. They solved the pitcher the first time around, but it didn't help, they couldn't hit. They fanned out, and when they did hit they knocked the apple right into someone's hand and went down one, two three for eight innings. In the last three there was some excitement when the boys commenced to hit and accounted for four runs, and if the game had been 19 instead of nine innings may have overtaken the long lead.

Hill Spring played almost airtight ball. They fielded everything that came out, batted like big leaguers, and stole bases like professionals.

Raymond tried every way to stop the merry-go-round, and shuffled the players all over, but still the hitting continued.

The two teams met at Hill Spring tomorrow in a double-header and Raymond will have to win both to level their record with the boys they do.

The lineup was as follows: K. HILL SPRING:—Hayden, ss; R. Allred, cf; Forsythe, 2b; Workman, rf; E. Jackson, p; A. Allred, 2b; L. Hansen, 1b; Campbell, c; M. Jackson, lf; R. Allred, lf.

RAYMOND:—O'Brien, ss and p; Welburn VanOrman, rf and p; Wilford VanArman, rf and 1st; R. Kirkham, cf and ss; D. Rolison, c and cf; G. Kirkham, 2nd; G. Tollestrup, lf and c; Nalder, 3rd and lf; J. Kirkham, p and 3rd.

Don Merrill and Frank Leavitt umpired the game to the satisfaction of everyone.

R. D. Strong, local Massey-Harris Agent, delivered a Power Binder and a Thresher Separator to Harry Robinson on Tuesday.

Crop Report

GENERAL.—Throughout the Prairie Provinces a continuance of hot, dry weather has caused further damage to crops and rain is urgently needed. Wheat on summerfallow and new breaking has withstood the drought conditions comparatively well, but on other land is poor. Coarse grains are very short. In Quebec prospects continue promising, although in most districts rain is now required. In Ontario light rains have benefited all crops. In the Maritime Provinces, while the hay crop is below average, other crops, particularly apples, promise well. In British Columbia rain is needed in many districts but crops are not suffering seriously as yet.

PRAIRIE PROVINCES
ALBERTA. Western Area — Fair crops are expected in the north, but in centre of area a small yield of wheat is expected only on summer-fallow and breaking, with coarse grain mostly a failure. In the southern area a moderate crop is expected. Hay on irrigated land and the sugar beet crop are satisfactory. Northeastern Area — Except for low yields of wheat from summerfallow and breaking, crops are generally failures and a feed shortage in some districts is becoming acute. Southeastern Area — A light yield of wheat is expected from summerfallow and breaking. Other wheat crops and

U. F. A. MEETING VERY EDUCATIONAL

Despite the small attendance on Tuesday evening at the U. F. A. Meeting in the Second Ward Chapel, those present received a great deal of valuable information from the splendid address given by J. A. Johansen, District representative of the Provincial U. F. A. Board.

Speaking of the U. F. A. and the work it had accomplished he spoke of it as a tree and some of its branches were:—Enlightened Citizenship, Collective Responsibility, the Wheat Pool, U. F. A. Government, Provincial Federal representatives; Livestock; Dairy and Poultry Pools, Social Harmony and Self Respect. These said the speaker were some of the things that had been worked for and needed pushing. We need our own packing plants, creameries, etc., so that we can do our own business in our own way and put the bulk of the profits where they belong, in the hands of the farmer.

Speaking of the Wheat Pool, the speaker said that for the first time in the history of the world wheat was being "sold" and it was because of the effect of the Pool on wheat market. Pool members had rights and duties, and through their delegates, the members were the ones who controlled the Pool. A number of questions were asked and several phases of the no wGrain Act gone into, including the Car Order Book, that every car must be signed for; the 75-25 Grading system that will prevent so much mixing, the price making system adopted by the English miller who took samples of wheat, ground them up and made bread of them to determine the value of the various grades for flour-making. The Research committee of the Pool were now doing the very same thing.

All of these, said Mr. Johansen, are the results of our U. F. A. We need to keep it up. We need to stand behind the Pool and support it wholeheartedly. We need more than ever before to make our U. F. A. a live organization.

After moving a vote of thanks to the speaker, the meeting adjourned.

At the Capitol

WHERE, HOW AND WHEN SHOW GIRLS ARE MADE.

SEE SHOW GIRL MONDAY.

During the past week C. H. Elder has sold Hart-Parr Tractors to Ed Hodge and A. Jazen both of Magrath.

Nearly 300 people representing Raymond's entire population, met at the Opera House Monday night to do honor to N. L. Mitchell and family who are leaving to make their home in Utah. The party at first was to be given by the members of the First Ward, but considering the wide scope of Mr. Mitchell's labors in the schools in the Stake and First Ward the evening was made to include the members of both Raymond wards and the Stake.

About 9:30 Chairman J. W. Evans called the meeting to order and the program commenced with Community Singing led by C. B. Strong.

Pres. O. H. Snow offered the Invocation and another community song followed.

J. W. Evans, on behalf of the Committee who had arranged the evening, spoke in appreciation of the labors of the guest of honor and his wife and family and paid them many tributes as church members and community builders.

Pres. H. S. Allen spoke briefly of the influence N. L. Mitchell had wielded here in his music teaching, of the experience he had gained here, and expressed the hope that when he had reached the heights that others had who had left this Stake, that he would be proud to rise up and say he was Tylor made.

Mrs. Mitchell then sang "Irish Lullaby."

C. F. Tollestrup, who as Stake Chorister had labored a great deal with Mr. Mitchell, told of the inspiration he had received from the wonderful organ work of "Snow" as he was better known, and of his ready co-operation at all times.

L. L. Frank Smith then recited "I'd Like to be a Cowboy," and an Eastern Legend.

W. C. Stone, who had labored with Mr. Mitchell in the Sunday School and the ward, voiced his appreciation of the guest of honor as a musician and as a man.

Mrs. C. O. Asplund recited, Old Friends by Edgar A. Guest, and then a Community Song was sung.

Mr. Mitchell played "The Mountain Stream" and "Good-Night," and on behalf of the various auxiliaries Bishop H. F. Allen made a presentation of a beautiful wrist watch to the guests of honor.

N. L. Mitchell in accepting the gift thanked all for their assistance rendered him while here and he was leaving with a great deal more than he had arrived here with, in experience, appreciation, and a testimony of the divinity of the Gospel.

C. B. Strong made a few remarks in appreciation of his labors with the guest of honor and then led the congregation in singing "For they are Jolly Good Fellows," and "Auld Lang Syne," after which dancing followed until 12 midnight, music being furnished by the Hoot Owls and Canadian Kids.

Mr. Mitchell's departure will create a number of vacancies in the church organizations as he was Stake Organist, 1st Ward Organist for the Raymond 1st Ward, Organist for the Sunday School of the 1st Ward and President of the First Ward Y.M.M.I.A.

Waterton National Park expects its registration to reach 50,000 for this season as against 26,002 for last year. Registration at the end of July this year were 28,000 as against 12,774 last year. Waterton is surely growing in popularity.

Miss Gertrude Reimule, aged 16 years, who is 5 feet 8 inches tall and who's weight of 450 lbs has rendered her helpless and she has been admitted to St. Michael's Hospital at Toronto, the heaviest patient ever admitted. She has a sister and a brother who are afflicted with increasing obesity, which is puzzling doctors, who will also be admitted to the hospital. Both parents are normal and only of medium size.

WHY?

Everything seems to be shaping up nicely for the Raymond Stampede which is being held in Lethbridge on Tuesday and Wednesday, August 20 and 21.

Why is this Stampede, if it be a Raymond Stampede, not being put on in Raymond? We have heard a lot about Raymond's Stampedes and we have never heard of one yet that did not pay well. Then why the move?

Before saying more let us state that we do not know, and this is no attempt to answer the question. But along with many others we would like to know why?

Raymond's business men feel that it is a direct slap in their face that the Stampede should be taken to Lethbridge. It looks as though Raymond couldn't support a Stampede and that the promoters had to go elsewhere for patronage.

The promoters claim that they will make more money in Lethbridge. We wonder? In this day and age distance is a secondary consideration. The Calgary Stampede doesn't go to Toronto because it is bigger than Calgary, no, the show is staged in Calgary. If Toronto wants to come, they come. If not the show goes on without them.

We have worn out several pencils in our endeavors to show the necessity of our fostering those things that will bring people to Raymond, in order to advertise our town, and to behold, the biggest drawing card of the year goes elsewhere. Why? No we won't endeavor to say, we don't know.

Lethbridge is making concessions, and well can they afford to. It means a lot of money to the business fraternity of Lethbridge to have the child of Raymond come there, after it has been nurtured and cared for by the home folks from its infancy. Lethbridge is profiting now by the change and will continue to profit until the thing is past.

We do not blame any individual or group of individuals. There have been misunderstandings and misinterpretations, small in the beginning but enlarged upon as time passed, and now they seem insurmountable.

Preparations go on. Advertisements are solicited from Raymond people to go into a book for a program that is to be staged in Lethbridge and the book is being printed in Lethbridge.

We wonder why the book was not printed here?

And so it goes. Perhaps this is a good piece of business. But where it is going to help Raymond we are unable to see. One thing we should do and that is to clean the slate, clear up the misunderstandings and plan for a Stampede next year to be staged in Raymond that will be a Raymond Stampede.

We must have something that will bring people to our midst. If you get your toes squashed occasionally, try and take it in a gentlemanly manner, and everyone remember that Raymond is not and never will be any bigger than the citizens who make up her population.

FORDS TWELVE RULES FOR AUTOISTS

1. Courtesy comes first. Consider the rights and privileges of others.
2. Keep your mind on your driving, and anticipate sudden emergencies.
3. Learn the "feel" of your car under control.
4. Obey all traffic and parking regulations.
5. Keep to the right, and comply with road markings and signs.
6. Signals for stops and turns. Watch the car ahead.
7. Slow down at crossings, dangerous places and schools.
8. Never pass cars on crossings, hills or curves.
9. Adapt your driving to road conditions—rain, ice, soft spots and ruts.
10. It doesn't pay to take the "right of way" too seriously.
11. When you drive, remember the times when you are a pedestrian.
12. Know the law. It was passed for your protection.

News Notes

Messrs H. E. Allen, W. Palmer, L. D. King and Wm. Clemis left on Monday for Elko, B. C. where they were met by a brother of Mr. Palmer who is a mining man of Los Angeles. They are going to try and sell their copper mine which is near Elko. Four Lethbridge men are also interested.

We had a shower Friday night. It wasn't much but every little bit helps.

J. D. Hall unloaded 24,000 lbs of binder twine last Friday. He had been selling twine for a week before that.

A. F. Weideman and P. Poulsen left on Sunday for a week's trip to Yellowstone Park. Mr. Dilley is in charge during their absence.

CHEESE FONDUE

1 cup scalded milk
1 cup soft bread crumbs
1/4 lb. milk cheese cut in small pieces
1 tablespoon butter
1/2 teaspoon salt
3 egg yolks
3 egg whites.
Mix first five ingredients, add yolks of eggs well beaten. Fold in whites of eggs beaten until stiff. Pour into a buttered baking dish and bake in a moderate oven until baked through. Serve at once.

ENGLISH RABBIT

1 cup stale bread crumbs
2 cups milk
2 tablespoons butter
Few grains cayenne
1/2 cup soft mild cheese cut in small pieces
1 egg
1/2 teaspoon salt
1 teaspoon Worcester Sauce.
Soak bread crumbs in milk. Melt butter, add crumbs and cheese. When cheese is melted, add egg slightly beaten and seasonings. Cook 3 minutes and pour over fried tomatoes, toasted bread or crackers. Serves 6.

CANADIAN CHEESE AND RICE

1 tablespoon butter
1 cup grated cheese
1 cup cooked rice
1 cup milk
1 teaspoon salt
1 egg.
Melt butter and cheese. Use top of double boiler if possible. Add rice and milk, season to taste. Then add slightly beaten eggs. Chopped pimento adds attractive color and flavor. Bake in moderate oven until custard is set.

Here and There

(380)

Locomotive Number 5000, one of a fleet of twenty monster oil-burning engines for use by the Canadian Pacific Railway on passenger and freight service in the mountains of British Columbia, has been released from the Montreal Locomotive Works and was on display in the Windsor Street Station, Montreal, recently. It was viewed by a constant stream of spectators all day, who admired its 98 feet of length, its huge proportions and its generally handsome appearance. This locomotive is the greatest in the British Empire.

The total number of dairy factories in operation last year in Canada was 2,855, comprising 1,265 creameries, 1,365 cheese factories, 288 combined butter and cheese factories, and 29 condenseries.

The Royal York Hotel, Toronto, was a blaze of color at the recent rose show held there in July. The blooms ranged from the pure white of large dimensions and the smaller varieties to the vivid red of American Beauties and others. The ball room of the Royal York was filled with them at the Ontario Rose Society show. The display gave birth to the project of having the most beautiful rose garden in the world laid out on the Canadian-American border and a committee was appointed to consider the plan and to settle final details at a meeting at the Royal York next month.

Announcement has been made that Americans and Canadians will join in travelling to the World's Poultry Congress to be held in England in 1930. Delegates will meet at Montreal and will travel via St. Lawrence route overseas. It is expected that nearly 1,000 delegates will make the trip.

Canada's wool crop, like the grain harvest, moves across the country in a great wave, not being a simultaneous operation in all provinces. It begins in the sheltered valleys of British Columbia and moves steadily across the Prairies. The shearing is at its height early in June and is about completed by the end of that month. The crop ranges from 15 to 24 million lbs. yearly and is marketed largely through the Canadian Co-operative Wool Growers.

Canadian Pacific farm sheep swept the board at the Edmonton show recently with three champions including the any age Suffolk ram and ewe. Other wins including nineteen first were credited to the Experimental Farm at Strathmore, operated by the Canadian Pacific Railway.

Two employees who have together completed over one hundred years in C. P. R. service were complimented by E. W. Beatty, chairman and president of the company, during his recent tour through the Maritime Provinces. They were Charles Henderson, who acted as conductor on the president's special and who started railway work in 1876, and Harry Saunders, engineer of the special, who has been in the company's service for 45 years.

HEALTH SERVICE of the CANADIAN MEDICAL ASSOCIATION

RABIES

There are certain diseases which, although they are comparatively rare and are responsible for but few deaths, attract attention because of the sufferings which they cause and our inability to cure them. For example, we think of rabies with horror, not because it is a common disease or because it causes many deaths, but for the reason that when it does occur, we find ourselves helpless.

The reason why we refer to this particular disease is not in order to cause a thrill of horror, but to remind our readers that rabies can be prevented. The time between the occurrence of the bite and the development of symptoms the incubation period—varies a good deal; the average in man is about forty days. If the disease is to be prevented, it is necessary that the treatment, which by the new Semple method takes fourteen days, be completed, and that fifteen days be allowed for the full development of the protection which the treatment gradually produces. In order to secure the necessary twenty-nine days before the symptoms develop, it is essential that treatment be started at the earliest possible moment.

Persons who are bitten by animals should immediately consult their physician in regard to treatment. The doctor will cauterize the wound with fuming nitric acid and will advise as to the Pasteur preventive treatment after considering the circumstances.

The animal responsible should not be killed, but should be captured and kept. If it has rabies, it will die in a few days. If after ten days, the animal shows no symptoms, this is evidence that it is not suffering from rabies. In the meantime, treatment will have been started because, as stated, there is no time to be lost, and it is continued until the physician is certain that it is not required, or if it is required, until the treatment has been completed.

The Pasteur preventive treatment or rabies vaccination, is not a cure. It is of no value once the disease has developed; it does prevent when given promptly. Its value depends then upon the time factor; given early means success; given late means failure.

Welling News

(From our own correspondent)

The grain is ripening very fast and about half the farmers in this district expect to start cutting grain next week. Every one is busy irrigating beets and hay, very little grain has been irrigated though. If it doesn't rain within the next week it will do the grain but very little good.

Mr. and Mrs. E. K. Bullock and family left on Wednesday for a motor trip to Calgary and other points north. While gone they will visit with relatives.

A large construction gang are busy on the new Pool elevator, by the end of the week it will be about half built.

Work has commenced on the new church. They are digging the basement this week.

Misses Ethel and Lydia Peterson spent several days last week at Glacier Park with friends.

Mr. and Mrs. Reed Wilde and family Mr. and Mrs. Arthur Wilde, Mr. and Mrs. LeRoy Chipman and family Mr. and Mrs. D. E. Wilde and family, Mr. and Mrs. Floyd Wilde and family and Elsie Peterson, Mr. and Mrs. Spencer Wilde and family all spent the weekend at Waterton Lakes.

Mr. and Mrs. A. M. Peterson of Barnwell and Mr. and Mrs. Evans Stringham of Lethbridge were guests of Mr. and Mrs. A. M. Wilde Sunday.

Mr. and Mrs. Gerald Gray of Spokane and Mr. and Mrs. Morrel Elder were visitors here Sunday.

Fern and Carl Wilde accompanied by Edward Gage of Spokane spent Sunday afternoon here.

Frank Seward and N. W. Peterson have commenced cutting grain.

REX BARBER SHOP CHANGES HANDS

A business deal was consummated here recently whereby Frank Hall took over the management of the Rex Barber Shop and Beauty Parlor from Jesse Seerist who has been manager for some time.

The new manager Mr. Hall, needs no introduction to Raymond and people and patrons of the shop can be assured of first-class service at all times. When the new shop is completed in the Raymond Motors, the present shop will be augmented by a first class Beauty Parlor in charge of Miss Helen O'Brien who is at present operating in the Post Office Block.

JUNIOR TRACK TEAM AT WETASKIWIN

On Monday this week, Paul Dahl and Bishop J. H. Walker left for Wetaskiwin with six of the young people of the Raymond Second Ward who are entering the Provincial A.A.A.U. of C. Championships at that place. The contestants are Miss Beth Walker and Mildred Galbraith, and Clifford Seoville, Frank Weaver, Bruce Galbraith and Harris Walker.

These young people made excellent showings at the Track and Field Meet at Magrath on June 1st, and there is no question but that Raymond will be well represented at the Wetaskiwin meet.

King Motors sold a ton and a half Ford Truck to Bill Jensen on Monday.

SENATOR REED SMOOT FIGHTS THE CIGARETTE MENACE

On June 10, 1929, Senator Reed Smoot of Utah, introduced a bill in the Senate to put tobacco distribution under the pure food and drugs act which would subject tobacco to the same restrictions as drugs and medicines. In speaking of this resolution Senator Smoot strongly denounces the advertising campaign being put out by large tobacco companies. He says: "I rise to denounce the insidious cigarette campaigns now being promoted by these tobacco manufacturing interests whose only god is profit, whose only bible is the balance sheet, whose only principle is greed. I rise to denounce the unscrupulous, heartless, and destructive attempts to exploit the women and children of our country in the interest of a few powerful tobacco organizations whose rapacity knows no bounds. Whatever may be said of the moderate indulgence in the use of tobacco it is clear that the issue raised before the country in some of the current cigarette campaigns is the issue raised by urging excessive cigarette smoking; by flaunting appeals to the youth of our country; by misrepresenting established medical and health findings in order to encourage cigarette addiction." Besides this extensive advertising campaign he stated that, "In many women's colleges recentment has been caused by the free distribution of cigarettes designed to start girl undergraduates on the road to cigarette addiction."

Another company sends congratulatory birthday greetings with a carton of cigarettes to boys who have reached 16 years of age. Every temptation that greed can devise is thus placed in the path of our boys and girls." Continuing Mr. Smoot says: "The cigarette interests concerned in the present campaign are playing for larger stakes than a mere share of the farmer's, the dairy producer's, the candy man's, the sugar man's, and the grocer's dollar. All producers and purveyors of raw and manufactured food products are well within their rights in attacking such a campaign of unfair competition when the American public is urged on the basis of misleading and destructive health claims, to substitute cigarettes for wholesome foods. Farm groups and farm organizations, at a time when Congress is legislating on important problems of farm relief, are fully justified in denouncing a campaign which seeks to increase harmful and destructive dieting habits that have done so much to reduce the per capita consumption of foodstuffs in the United States." "The insidious cigarette campaign now in progress concerns every father and every mother of children in the country; every man and woman responsible for the education of the young; every medical and health authority; every employer of labor; every worker whose efficiency is decreased by the cigarette habit. It concerns every welfare organization, every tuberculosis association, every life and fire insurance company, every property owner every juvenile protective association."

"The time has come for the Congress of the United States to take definite action. The sale of cigarettes promoted upon a national scale, is properly a subject of interstate commerce. Cigarettes and many tobacco products are nationally advertised in media which in most cases are subject only to Federal Control."

"The bill which I now lay before this body, designed to protect public health and public welfare from further exploitation of irresponsible cigarette interests, provides:

(a) For the inclusion of tobacco and tobacco products within the scope of the food and drugs act.

(b) For the amendment of the food and drugs act so that claims made for food and drug products in any advertising medium subject to interstate commerce control should be under the same strict regulation now applied to labels or other descriptive matter on, within or around the container in which the product is packed.

Public interest, efficiency, and economy, require the amendment to the food and drug act empowering the Food, Drug, and Insecticide Administration to proceed against any manufacturer of a drug or food product whose public sales claims are partly or wholly unjustified by the facts.

At the S. of A.

Principal O. S. Longman and family are at present away on a vacation. Mr. Longman intends taking in the resorts between Calgary and Edmonton the Banff, Windermere Trail and the Yellowstone Park.

We are very glad to report the improvement of Mrs. W. Stewart who is at the present time in the Gault Hospital ill with pneumonia.

C. O. Asplund was five stock judge at Lamond Fair last Thursday and at Nahton Fair on Tuesday.

D. L. Gilbert is judging the Horticulture and Field Husbandry at Magrath Fair on August 9th.

Miss Thelma Kearns our former stenographer is now in training for a nurse at the St. Josephs Hospital at Victoria B. C. her place has been taken by Miss Myrtle McCubbin of Vancouver.

What about enrolling at the R. S. A. this winter an excellent course is offered both in Agriculture and House hold economics.

BUTTONING ON A ROOM OR TWO

A builder in Indianapolis is engaged upon the unusual task of establishing a record in the construction of an eight-room house, from the moment ground was broken for the foundation. According to the Steel Frame House Company, which is sponsoring this sample residence, the quick erection, allowing the owner to occupy his home in record time from the day he decided to build a house, is possible through the application of modern manufacturing to the art of house building. Many of the materials going into the house are manufactured and shipped to the plot and assembled. Speed is possible thru fabrication in a factory whereby carpentry at the site is eliminated.

Harvey Wiley Corbett, a New York architect, in a recent speech declared that the time is not far distant when residences will be entirely manufactured in plants and shipped to the site complete. Then it will be but necessary to unload the house onto the foundations and move in. As a matter of fact, Mr. Corbett outlined in brief a plan of manufacturing residences which is now being worked out. By using steel for the framing an asbestos board for the exterior walls and sheathing, a patent plaster which does not crack easily, and simplified plumbing, standard rooms can be manufactured in a factory as easily as automobiles are now manufactured.

Mr. Corbett drew an interesting picture of the possibilities of this application of manufacture to residence building. When developed it will be possible for manufacturers to issue catalogues of standard rooms. A home owner may order at first only a number of rooms, according to his needs and fancy. When the family needs increase and a larger house is required, the owner does not have to sell and build anew. He will merely have to look through his catalogue and order another room A or room B, as he desires. It will be shipped to his lot and "buttoned" onto the house he already has.

The plan may sound fanciful, but it is not impractical, manufacturers contend. As a matter of fact the erection of the house in Indianapolis is but an indication of what the possibilities are.—Christian Science Monitor.

News Notes

Jesse Gibb bought a new Separator from C. H. Elder this week.

W. A. Keith of Mt. View was a Raymond visitor on Sunday last.

Mr. and Mrs. M. R. Woolf spent the first part of the week in Calgary.

We had a light shower again Tuesday evening. Only .01 of rain out it, will help some.

Ted Gourley and family motored to Warner Sunday to visit with old friends there.

A Women's Institute Convention is in session here today of all the locals in the Taber Riding. 150 delegates are expected.

The Raymond Agriculture College purchased a new Binder from R. D. Strong, Massey-Harris Agent this week.

Theodore Ehler has the brick work just about finished on the Raymond Motors block and is going to Magrath to start work on the new chapel there.

J. W. Low, Police Magistrate heard one case here Tuesday under the Master and Servants Act. Judgment was awarded in favor of the plaintiff and the costs divided equally between the two parties.

RE — ADVERTISING PROPOSED DEBENTURE BY-LAW FOR BUILDING A TOWN HALL

A BY-LAW of the TOWN OF RAYMOND to provide for the Building of a NEW TOWN HALL AND FIRE HALL.

WHEREAS it is deemed advisable by the Municipal Council of the TOWN OF RAYMOND to Build a Town Hall in the Southeast Corner of Blocks One (1) and Two (2) at an Estimated Cost of \$10,000.00

AND WHEREAS it is deemed expedient that the said loan bear interest at the rate of 6 p.c. per annum to be paid equally in annual installments both as to principal and interest of \$871.85

AND WHEREAS it has been ascertained that the probable life of the building and the necessary charges shall continue over a period of Twenty Years.

AND WHEREAS the Rateable value of the Property of the Town of Raymond is \$524,957.50.

AND WHEREAS the Total Bonded Indebtedness of the Town of Raymond is \$40,918.16 and no part of it is in Arrears.

THAT FOR THE PURPOSE AFORESAID there shall be borrowed on the credit of the Town of Raymond at Large, the full sum of \$10,000.00 and Debentures shall be issued thereof in the sums of not less than One Hundred each, bearing interest at the rate of 6 p.c. per annum.

THAT THE DEBENTURES shall be issued and dated within one year, and shall be payable as nearly as possible in equal amounts in each year and shall run for a period of Twenty Years.

The above is a true synopsis of the By-Law as proposed by the Council of the Town of Raymond, and will be submitted to vote of the Burgesses on Monday, August 19th, 1929 when within Four Weeks from the time of voting, the By-Law shall be passed.

THE POLLS will be opened for Voting at the Town Hall at the Hour of 10 A. M. and close at 7 P. M. on the 19th day of August, A. D. 1929.

Certified by
O. H. Snow,
Returning Officer.
